WORK HISTORY

PROJXON - Web Developer

Remote · Mar 2025-Current

- Developed responsive, cross-browser compatible websites using React, Next.js and headless WordPress
- Enhanced user experience by implementing responsive web design and optimizing website performance
- Participated in agile sprints and weekly participation meetings

DataAnnotation - AI Trainer

Remote · May 2024-Current

- Training and optimizing chatbot models using Python, JavaScript, C++, etc.
- Creating structured datasets (CSV, JSON, XML) for AI response evaluation
- Rating and refining model outputs for accuracy and coherence

Lakehead Public School Board - Work Placement

Thunder Bay, ON · Mar 2019-May 2019

- Designed and implemented around 5 custom WordPress themes for school websites
- Integrated plugins into websites to enhance site usability and functionality
- Generated JasperSoft reports to streamline reporting

PROJECTS

Zephyr Aero Leather - Full-Stack Developer | Mar 2024-Jun 2024

Next.js | React | Tailwind | WordPress | WooCommerce | Stripe

- Worked on the front end and back end of an e-commerce site for PROJXON
- Integrated Stripe payment and fully synced site to a headless WooCommerce
- Added various features to enhance functionality including an order history page

PROJXON Website - Front End Developer | Mar-May 2025

Next.js | React | Tailwind | Bootstrap | WordPress | AWS EC2

- Migrated site from vanilla React to Next.js to improve SEO
- Enhanced performance by implementing SSR, SSG and ISR on front-end
- Deployed live site-www.projxon.com-using AWS EC2

Sheet Music Project - Full Stack Developer | Dec 2023-Apr 2024

Node.js | Express | MySQL | SCSS | EJS | MVC | Auth | Webpack

- Designed an application allowing users to create a simple piece of sheet music
- Utilized Express sessions for user login sessions, MVC structure and MySQL storage
- Implemented dynamic rendering with displaying notes and creating new bars
